2022-2023 Annual Report

Charter Schools

Creating Conditions for Student Success

Mission

To inspire each student to extraordinary achievement, every day.

Vision

An unwavering focus on powerful and engaging learning experiences that prepare students for college, career, and life success.

Core Beliefs

- *All students will graduate college, career, and civic minded ready.*
- *All students will have a safe, clean and secure environment that is free of bullying and that creates opportunities for learning.*
- *Student engagement is critical to student success.*
- *Partnership with all stakeholders are vital to student success.*
- *TRUSD will be fiscally sound and maximize resources for student success.*
- *TRUSD will honor diversity and create equity across the district.*
- *TRUSD will identify, recruit, retain and develop the best employees.*

Area Five (North Natomas and
Robla)

Rebecca Sandoval
Area Six (Dos Rios, Gardenland,
Northgate & South Natomas)

Dr. Steve Martinez
District Superintendent

The Twin Rivers Unified School District is governed by an elected Board of Trustees that represents seven geographic areas, based on the elected member's address of residence. On June 5, 2012, voters approved Measure G. As a result, in future elections, board members will be selected solely by voters in the neighborhoods where they live, instead of at large.

The Board of Trustees is elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community.

Purpose

The Twin Rivers Unified School District acts as the charter school authorizer for schools within the District boundaries. As the authorizer, the District is responsible for reviewing charter petitions and fully vetting these petitions according to common standards, consistently, and with scrutiny.

Once a charter petition is approved, as the authorizer, Twin Rivers Unified School District is responsible for annually reviewing budget, first interim, and second interim financial reports. TRUSD reviews the charter LCAP and provides feedback to the charter school. TRUSD also reviews the charter annual audit and follows up with the charter on areas of concern.

TRUSD is responsible for evaluating academic goals and progress towards goals, reviewing teacher credentials and missed assignments, conducting annual visits of school sites, investigating complaints, and assessing whether the charter school is adhering to policies and handbooks.

TRUSD board policy, consistent with education code, provides for the following elements of charter oversight:

The Superintendent or designee shall monitor the charter school to determine whether it complies with all legal requirements applicable to charter schools, including making all reports required of charter schools in accordance with Education Code [47604.32](#). Any violations of law shall be reported to the Board.

The Board shall monitor each charter school to determine whether it is achieving, both school-wide and for all groups of students served by the school, the measurable student outcomes set forth in the charter. This determination shall be based on the measures specified in the approved charter and on the charter school's annual review and assessment of its progress toward the goals and actions identified in its local control and accountability plan (LCAP).

The Board shall monitor the fiscal condition of the charter school based on any financial information obtained from the charter school, including, but not limited to, the charter school's preliminary budget, annual update of the school's LCAP, first and second interim financial reports, and final unaudited report for the full prior year. (Education Code [47604.32](#), [47604.33](#), [47606.5](#))

In California, districts are authorized to receive, up to 1% of charter schools' revenue to support the oversight function. It is an area of significant debate in CA, because there is a significant variance in the level of oversight provided by authorizers. TRUSD strives to follow best practices established in the field. TRUSD utilizes the resources of Fiscal Crisis Management Assistance Team (FCMAT) and Charter Accountability and Resource Support Network (CARSNet) to build systems in the organization to ensure adequate oversight.

Twin Rivers meets with the charter school organization leadership team, at least annually. TRUSD team members visit each charter school site at least once per year.

TRUSD prepares an annual oversight report that is provided to each charter school summarizing the elements of data review as outlined above, observations from site visits, commendations, and recommendations.

Twin Rivers holds that the annual authorizer responsibilities include building partnerships with authorized charter schools to provide the best education possible for students within the Twin Rivers Unified School District, regardless of their attendance at a District school site or a charter school.

This Twin Rivers Charter School Oversight Report provides an overview of the charter school progress within the school district and serves as the annual summary of charter school progress to the Twin Rivers Unified School District Board of Education.

Currently, authorizing responsibilities are processed through the School Leadership office, under the direct supervision of Dr. Lori Grace, Associate Superintendent, School Leadership.

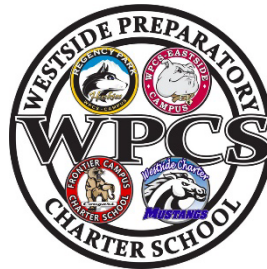

Dr. Lori Grace
Associate Superintendent, School
Leadership

Creative Connections Arts Academy

Background

Creative Connections Arts Academy (CCA) is a learning community where the next generation of thinkers and innovators is cultivated. Students are encouraged to explore and think differently in a family atmosphere on our small, intimate campus setting. Students have a wide variety of opportunities to learn in an integrated environment where a variety of art forms and modalities of learning are part of daily instruction. In addition, the school offers sequential, standards-based art instruction allowing students to develop strong skills and pathways leading to college and career.

CCA is an environment where students do more than learn textbook Math and English. Students learn to think and solve problems. The school offers choices in educational and parent involvement opportunities. In the workforce of the future, the most important skills will be collaboration and creativity. At CCA, students are challenged to be thinkers and scholars and work in a collaborative environment on a daily basis.

Smythe Academy of Arts and Sciences

Principal: P-6, Ken Dandurand

Principal, 7-8 Casey Gong

CMO: Twin Rivers Unified School District

Fast Facts

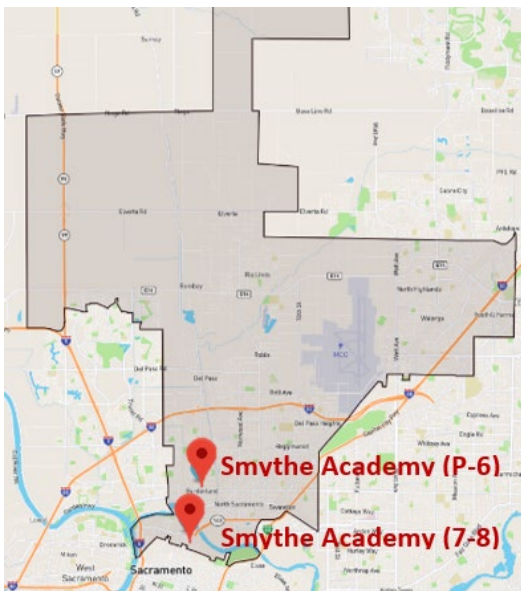

Authorized Date: 2009
Opened: 7/1/1980
TRUSD Renewal(s): 2
Current Charter Term: 2019-2026

Mission:

To provide an enriched, educational environment for an ethnically and socioeconomically diverse group of kindergarten through eighth grade students that emphasizes the arts, technology, and community service, and applies a holistic approach to education by involving the parent, community, and the teacher in the academic and social development of the child using both standards-based core curriculum and assessment coupled with project-based instruction and authentic assessment.

Vision:

To provide a rigorous core academic program with high behavioral expectations that emphasizes cultural awareness and acceptance. The educational environment will include technology, fine and performing arts, physical education, science and service learning to support the intellectual, physical, social, and emotional development of a culturally aware student of the 21st century.

Smythe Academy of Arts and Sciences

Background

Smythe PreK-6: Smythe Academy provides a safe, caring environment that highlights the arts and sciences. Curriculum for students include weekly art and music instruction, hands-on science lab experiments and numerous outside of school programs; examples of extra-curricular programs include tutoring, Gifted and Talented Education (GATE), league sports, choir, and a strong MASTERS after school program. The power of what happens in the classroom comes from the strength of individual teachers working as part of a team and connecting teacher strengths with student needs, with the goal of improving the academic achievement of students.

Smythe 7-8: Smythe 7-8 values giving students opportunities both in and out of the classroom. They engage students through various experiences that many, may otherwise, never receive. Smythe is dedicated to working hard for their students by providing academic opportunities and interventions. Interventions are provided both during and after school. Each year students are surveyed to find their interests for electives. This survey is the basis for the electives offerings for the upcoming year. Examples include:

- Math, Engineering, & Science Achievement
- Computer Science
- AVID College Tours

Westside Preparatory Charter School

Background

Westside Preparatory Charter School (WPCS), is dedicated to prepare students for college and career through a small, safe, learning environment for students in grades 7-8. Students receive many opportunities to demonstrate mastery of core standards through project-based learning, cooperative learning, and collaboration.

WPCS provides an alternative to the traditional junior high school experience. WPCS is dedicated to serve students and parents who want high academic standards, a smaller school environment, accountability, and consistent communication.

The curriculum is district adopted, standards based and teachers continually provide rigorous instruction. WPCS core and elective program allows for a variety of rigorous programs such as AH-HA or Greek/Latin Vocabulary, iReady ELA and math, Advancement via Individual Determination (AVID), and Project Lead the Way (PLTW). Focus is spent on helping students think critically, collaborate with others, and cultivate communication skills.

In 2019, Westside was proud to announce the addition of the campus located at Regency Park. When the school opened, it offered only 7th grade. In the 2020-21 school year, WPCS at Regency Park expanded to include 8th grade. The small school focus provides a structured and supportive atmosphere to prepare students for high school.

California Innovative Career Academy

Background

California Innovative Career Academy (CICA) is an independent study, high school completion program, serving adults 22 years of age and older. CICA provides students the opportunity to maintain the various responsibilities in their lives while also completing the requirements needed for their high school diploma by allowing students access to flexible curricula and school schedules. Students have synchronous and asynchronous learning opportunities as well as daily Zoom sessions to enhance their learning. Additionally, CICA students have the opportunity to participate in many Career Technology Education (CTE) programs, ranging from Cosmetology to Financial Literacy. At CICA, the whole student is valued, and we cherish the opportunity to help each student expand their futures.

Community Collaborative Charter School

Background

Overview: Community Collaborative Charter School (CCCS) has always been committed to helping students work in the community in positions that allow them to reflect on their personal values and contribute to the common good. CCCS has developed a generous repertoire of agencies and community services that have allowed students to work alongside them for the purpose of service learning. Service-learning increases knowledge of an organization and its services, increases connectedness with the community beyond the school, provides personal growth, and an understanding of the relationship between interest, subject, and area of service.

Mission:

Founded with a commitment to develop the academic talents of its students, while nurturing their appreciation and understanding of their rich cultural heritage, and the place they take as citizens in our state and nation. In providing a multicultural education, including curriculum representing the student's language and literature of their heritage, delivered in a supportive environment, the faculty will develop the student's ability to apply lessons as they grow and maximize their individual, social, academic and personal development and contribute to our diverse community.

Vision

The vision of Community Outreach Academy is to continue successful implementation of a program that fosters high academic achievement in a safe, nurturing environment. Our vision is for faculty, staff and parents to work together to offer students the best educational experience possible. The program will retain the most highly qualified teachers as well as offer faculty opportunities to grow professionally, and offer students the highest quality of public education available.

Community Outreach Academy

Background

Overview: Community Outreach Academy (COA) is a school that serves the unique needs of immigrant and migrant families to the Sacramento region. COA's student population is more than 90% English Language Learners (ELL). It is the explicit mission of the school to increase students' English language skills. This is done through multiple methods. All classroom teachers are certified as teachers of ELL. Teachers use specific strategies proven to increase student acquisition of a second language. Because most of the students' first language is Russian and/or Ukrainian, COA provides an elective twice a week for students to develop and maintain their native language and culture.

Futures High School

Principal: Vicente Luevano

CMO: Gateway Community Charter Schools

Fast Facts

Authorized Date: 2003
Opened: 8/24/2004
TRUSD Renewal(s): 3
Current Charter Term: 2017-2024

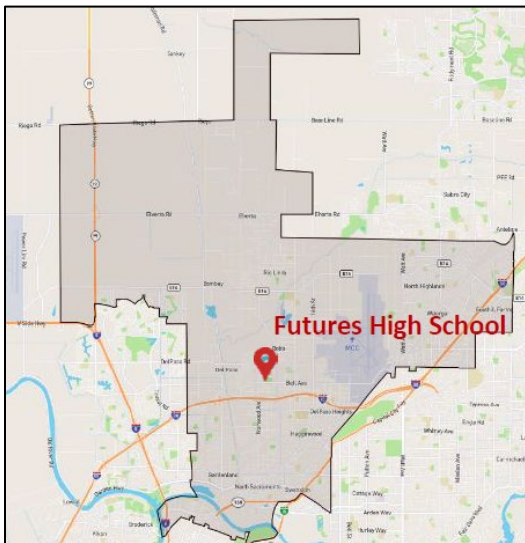

Mission:

A dedicated and highly qualified faculty will provide Futures' students with an excellent, standards-based education that will prepare them for the rigor of the university and the competition of the workplace in a global environment. Our students will be taught about the history and culture of their home countries, as well as the rich diversity and varied experiences of all who have come to the United States. Futures High School students will take ownership of their education, be responsible in their behavior and virtuous in their character, make healthy choices in respect to their bodies and minds, and take pride in, and participate actively in all aspects of school life.

Vision

Futures High School, working as a partnership between parents, administration, and faculty seeks to develop students to their fullest potential so they will have for themselves, a life filled with enriching opportunities. Futures provides students with a quality educational program focused on preparing students for success in a global society.

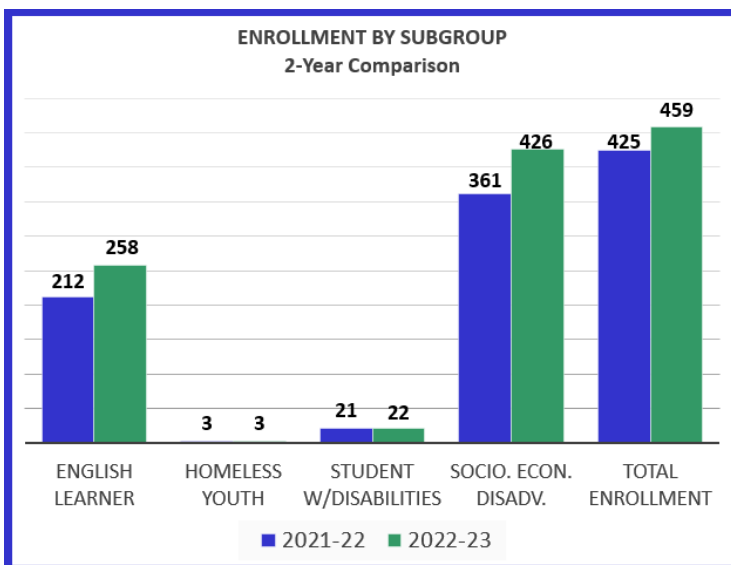

Campus

Futures High School
900 Grace Ave.
Sacramento, CA 95838
Phone: 916-286-1902

Background

Futures is dedicated to providing a transitional path for students into a career as well as preparing them for the rigor of college and/or university. A significant percent of the student population are first generation immigrants from the former Soviet Union who rely on Futures for academic and social emotional support. In addition, Futures has experienced a notable increase of special education students who seek a less restive personalized academic and safe social environment. Futures High School continues to have a focus on preparing students to be college and career ready.

Phone: 866-992-9033

West Sacramento Campus

840 Jefferson Blvd
West Sacramento, CA 95691

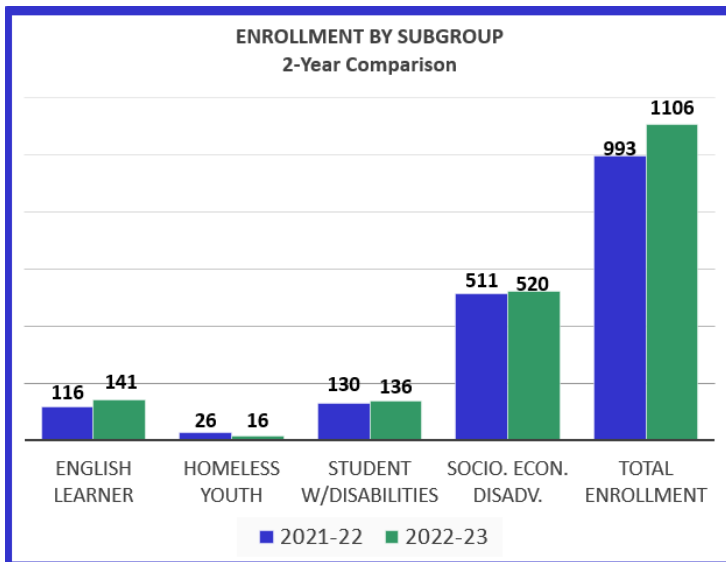

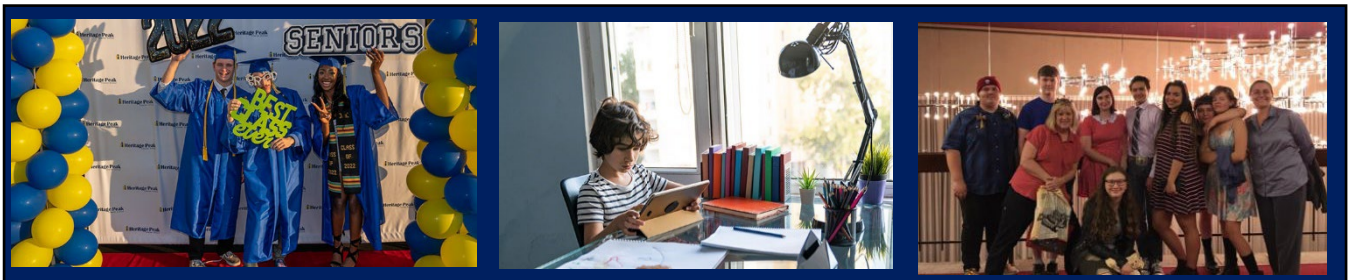

Vacaville Campus

354 Parker Street
Vacaville, CA 95688

Background

Heritage Peak provides students with homeschool and independent study options. The homeschooling program provides families with the freedom to explore an individualized curriculum based on different learning styles while remaining grounded using Common Core assessments and Common Core State Standards (CCSS) aligned outcomes. A credentialed teacher meets with the student and families regularly. Credentialed teachers, parents, counselors, resource teachers, and content experts augment instruction based on the individualized learning plan for each student. Homeschool families are provided educational units to access CCSS aligned fieldtrips, educational resources, materials, technology, classes, and activities.

The independent study programs at the resource centers use a hybrid model to provide an alternative educational program for students who require a change from traditional school pedagogy. Students' needs are matched with CCSS aligned curriculum coupled with onsite classes, online programs, counselors, educational specialists, and tutors, as well as Western Association of Schools and Colleges (WASC) accredited virtual classes. All classes, whether onsite, virtual, or hybrid are taught by highly qualified, credentialed teachers. Heritage Peak offers onsite Medical Assisting, Medical Terminology, and EKG Technician career pathways classes. Heritage Peak also offers a variety of online career classes such as culinary, plant science, animal science, veterinary medical applications, business office technology, and professional communications. Through continued partnerships with local community college districts, students at Heritage Peak can also jump start their postsecondary goals through dual enrollment agreements.

Higher Learning Academy

Background

Higher Learning Academy is excited to offer an internationally focused education that will enrich the culturally diverse city of Sacramento. As an authorized International Baccalaureate (IB) school, the teaching philosophy celebrates the many ways people work together to construct meaning and make sense of the world. Through the interplay of asking, doing, and thinking this constructive approach leads towards an open and democratic classroom where every scholar has a voice and important role to play in the learning of all. Higher Learning Academy infuses the Common Core State Standards through the lens of International Baccalaureate (IB) to create a connection and innovative learning experience for all of their scholars.

Highlands Community Charter School

Background

Highlands Community Charter School (HCCS) provides more than 40 class locations and offers both day and night classes to meet the needs of students. The active student population consists of adults from 87 different birth countries and are, on average, 44 years of age, ranging from 22 to 78. HCCS has experienced tremendous growth and serves over 3,500 adult students every day throughout the Sacramento region. The International High School (IHS) Program focuses on English Language Development, alongside the high school curriculum. The Adult High School Completion program focuses on students completing a high school diploma coupled with the opportunity for entering one of over 20 Career Technical Education Programs. HCCS has had over 750 students earn their High School Diploma. To date, 772 students who started in Elementary English Language Development have transferred into the High School Diploma Program. All programs are tuition free for enrolled students. HCCS serves students who are 22 years of age or older and who do not yet have a U.S. High School Diploma.

Learning outcomes include:

- Achieve academic success
- Become productive members of society
- Complete educational goals
- Go on to further education and/or a career
- Become self-motivated, competent, life-long learners

Sacramento Academic and Vocational Academy

Background

Sacramento Academic & Vocational Academy (SAVA) consists of three charter schools serving students in grades 7-12 throughout the Sacramento region. SAVA charter schools offer a personalized education path for every student. Instead of the traditional one-size-fits-all classroom, we seek to motivate and encourage students to be independent learners. Our blended-learning model provides one-on-one and small group learning opportunities. As a result, each student receives individualized instruction and support from our teachers and staff. This personal attention and guidance is often the crucial ingredient to student success.

SAVA provides high-quality curriculum aligned to Common Core State Standards, instructional support for all students, and career exploration and preparation for life after graduation. SAVA students have the opportunity to meet requirements for graduation with a high school diploma as well as meet the requirements for entry level employment, apprenticeship programs, post-secondary career technical training and transition to two- or four-year colleges.

**On July 8, 2021, the California Legislature passed the Education Trailer Bill (Assembly Bill 130) providing an automatic two-year petition renewal extension for charters schools with terms expiring between January 1, 2022 and June 30, 2025. As a result, all TRUSD Independent and Dependent charter schools except Creative Connections Arts Academy and Westside Preparatory Charter schools were given an additional 2 years for the current terms.*

California Statutes: Charter Schools Act

Education Code

| | |
|------------------|--|
| Section 47600 | Title of Act |
