

**REQUEST FOR STATEMENTS OF QUALIFICATIONS AND PROPOSALS FOR
K-12 SUPPLEMENTAL MENTORING PROGRAMS
RFP NO. 24-028**

ADDENDUM NO. 2 – DATED MAY 30, 2024

- I. **CLARIFICATION** – The District was made aware of a discrepancy in responses to questions number 1 and 7 in Addendum No. 1. Corrected responses to questions number 1 and 7 are below in *red*.
1. There is a contradiction in the RFQ, please clarify. On page 7 it states "Services should be provided outside of school hours during the regular school year, and may continue during the summer months." On page 8 it states "Mentoring is to be provided during regular school hours" *We would like virtual mentoring that is offered outside and during the school day. For in-person, mentoring must be offered outside of the school day and during non-school days such as summer (through June 30) and intercessions. Having weekends available is preferred for in-person but not required.*
 7. Can you clarify when mentoring sessions can be held? Are we allowed to hold sessions before school? During school lunch? After School, during an Expanded Learning time? After 6pm, when Expanded Learning program has ended? Please specify exactly when mentoring sessions can occur. *We would like virtual mentoring that is offered outside and during the school day. For in-person, mentoring must be offered outside of the school day and during non-school days such as summer (through June 30) and intercessions. Having weekends available is preferred for in-person but not required.*
